

REMARKS

The Applicants respectfully request that the Examiner reconsider the present application in view of the foregoing amendments and the following remarks.

The Examiner objected to Claim 21 as not being compliant with 37 CFR 1.75(c). This objection is believed to be moot in view of the cancellation of Claim 21.

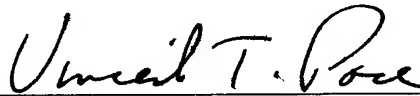

The Examiner indicated that Claims 21 and 23 would be allowable if amended to include all of the features of the base claims from which they depend and of any intervening claims. Claim 1 has been amended to include the features of Claims 3, 20, and 21. Claim 11 has been amended to include the features of Claims 17 and 23. Therefore, it is believed that Claims 1 and 11 as now presented are in condition for allowance.

CONCLUSION

In view of the foregoing amendments and remarks, it is believed that all of the claims of this application are in condition for allowance. Therefore, the Applicants respectfully request entry of the amendments and reconsideration and allowance of their application.

Respectfully submitted,
